PRINCE2® Foundation 7th Edition with Exam

Duration: 3 Days **Format:** Instructor-Led Training (ILT) or Online Live (OLL

Overview

Welcome to the PRINCE2® Foundation 7th Edition course!

This course provides a good overview of the world's most widely used project management method, PRINCE2® - 7th edition. It focuses on the principles, processes and practices of this method and teaches participants how to fully apply PRINCE2® with examples and exercises.

This course is governed by the PRINCE2® Examination Syllabus, which details the topics which must be covered by courses accredited to provide training and prepare candidates for the examinations in PRINCE2®.

New Horizons Bulgaria is a PRINCE2© Accredited Training Organization of PeopleCert and all students attending this training will be provided with the exam voucher as a part of delivery.

Target audience

This course is aimed at all members of a project team (administrators, coordinators, managers), aspiring project managers, practicing project managers, and program managers. Due to the generic nature of this course, it is also suitable for general managers, staff in a supporting role, and those who wish to gain formal recognition of their skills by taking the PRINCE2 Foundation examination or professionals looking for generic fundamental project management skills.

Objectives

- Understand key concepts relating to projects and PRINCE2.
- Understand how the PRINCE2 principles underpin the PRINCE2 method.
- Understand the importance of people in successful projects.
- Understand the PRINCE2 practices and how they are applied throughout the projects.
- Understand the PRINCE2 processes and how they are carried out throughout the project.

Prerequisites

No prerequisites are required to enroll in the PRINCE2® Foundation course. However, a basic understanding of project management concepts would be beneficial for participants. This foundational knowledge will help enhance their learning experience and comprehension of the course material.
