

PRINCE2® 7 Foundation & Practitioner Bundle course with Exams

Duration: 5 Days **Format:** Instructor-Led Training (ILT) or Online Live (OLL)

Overview

This comprehensive bundle course equips participants with a thorough understanding of the PRINCE2® methodology and prepares them for both the Foundation and Practitioner examinations. It focuses on the practical application of PRINCE2® principles, practices, and processes, ensuring participants can manage projects successfully and adapt to various project environments.

This bundle course will also serve to prepare you for the PRINCE2® Fundamental and PRINCE2® Practitioner examinations.

New Horizons Bulgaria is a PRINCE2® Accredited Training Organization of PeopleCert and all students attending this training will be provided with the exams voucher as a part of delivery.

Target audience

- Project administrators
- Project Coordinators
- Project Analysts
- General Manager
- Project leaders/project managers
- Program and Portfolio Managers
- Internal and external consultants
- Project Coordinators
- Project Analysts
- PMO (Project Management Office) staff
- Change Managers responsible for implementing organizational changes
- IT professionals managing technical projects requiring a structured approach
- Government and public sector employees involved in large-scale projects
- People who wish to gain formal recognition of their skills by taking the PRINCE2 Foundation & Practitioner examinations or professionals looking for generic fundamental and advanced project management skills.

Objectives

Understand Key Concepts:

- Grasp essential concepts related to projects and the PRINCE2® methodology.
- Learn how PRINCE2® principles underpin the PRINCE2® method.

Apply PRINCE2® Principles:

- Implement the seven PRINCE2® principles in project management.
- Understand the importance of people in successful projects.

PRINCE2® Practices:

- Comprehend the PRINCE2® practices and their application throughout projects.
- Tailor PRINCE2® practices (Business Case, Organization, Quality, Plans, Risk, Change, Progress) to project specifics.

PRINCE2® Processes:

- Understand the PRINCE2® processes and their implementation from initiation to closure.
- Execute the seven PRINCE2® processes effectively across the project lifecycle.

Effective Management:

- Enhance skills in leading and managing project teams.
- Improve communication strategies for better stakeholder collaboration.

Sustainability and Digital Tools:

- Incorporate sustainability and ESG considerations into projects.
- Utilize digital tools for effective project management.
